

This Festschrift celebrates the 60th birthday of our colleague, mentor and friend Alex Yakovlev. The reader will find here 30 stories by 55 authors from across the world, from Brazil to Japan, including historical documentaries on the asynchronous community, philosophical discourses on education, happiness and beauty, as well as technical papers covering Alex's favourite topics, such as asynchronous circuits, metastability, and mathematics of computing and concurrency. A self-portrait of This Asynchronous World that Alex's work shapes every day.
